

History of River of Life Centre

Prior to the River of Life Centre, the building was vacant for seven years following the departure of the Salvation Army. The building was brought back to life in 2010 by local charity, River of Life MCC. Once again available to the local community, this Grade II listed building offers classic charm and spacious interiors.

How to Find Us

The River of Life Centre is just a few doors along from the Durngate St car park. We are also easy to find just off the main B3150 (High East Street - London Rd) via Salisbury Street.
